

INTERPRETATIONS

WORLD ARCHERY CONSTITUTION AND RULES

Book 3, Chapter 11, Article 11.1.10, 11.3 and 11.4.10

The World Archery Secretary General has requested an interpretation as to whether the device shown below may be worn in competition in recurve, compound or barebow divisions. The device is to be placed inside the drawing elbow, to focus on expansion during shooting.

The Constitution and Rules Committee (“C&R”) finds the question presented to be within the terms of reference of the Technical Committee.

C&R has determined that the following interpretation is not contrary to the existing rules or Congress decisions.

Response from the Technical Committee:

It is the majority decision of the Technical Committee that the FIVICS “draw elbow joint device(s)”, and other companies’ similar products are not legal in any division of World Archery competition except for the Compound Division.

World Archery Technical Committee, 18 August 2021

Approved by the World Archery C&R Committee, 15 September 2021

Published and effective: 15 November 2021
