to verify that the Judge has up-to-date knowledge of the World Archery Rules and that the Judge is able to enforce them in real situations and according to the Judges Committee's approved procedures;

- The analysis of the reports by the chairperson of the Tournament Judge Commissions where the Judge was on duty: this is to verify the actual performance of the Judge in competition;*

10.1.5. Being present at minimum one Judge Conference organised or approved by the Judges Committee within the accreditation period.

10.1.6. The requirements for reaccreditation of a World Archery Youth Judge are the same as those for World Archery IJ/IJc as mentioned above in Article 10.1, with the exception of the endorsement of their Continental Association.

10.2. Reaccreditation shall be denied to World Archery-IJs who are determined as being inactive, do not apply for reaccreditation or do not pass the reaccreditation evaluation.

10.2.4. If a Judge who has been denied reaccreditation for not passing the reaccreditation evaluation wishes to become an IJC again, he will need to wait for 12 months to attend an IJC seminar and take the IJC test if he meets the requirements specified under Articles 8.1 and 8.2.

10.3. An appeal against the denial of reaccreditation may be lodged with the Executive Board.

10.4. In case of World Archery Youth Judges, no person shall be eligible to undertake a reaccreditation process after the expiration of the year during which they attain the age of 30 years.

Non-Compliance with Competition Rules and Judging Procedures

11.1. The Judges Committee may at any time apply a suspension or withdraw a Judge's accreditation in accordance with Article 11.3 below if, in the opinion of the Judges Committee, the Judge has not applied rules and procedures to the required standard.

1.11.1 The Judge Committee has the right to consider any case where an International Judge was appointed even if the appointment was done at the Continental or National level.

11.2. The Judges Committee shall determine whether the infraction requires a warning, suspension or withdrawal of accreditation based on the following definitions:

- A warning will be considered for a minor infraction which does not impact the results of qualification or matches.*
- A suspension will be considered when the infraction is deemed to be of a serious nature and is of a reputational risk to World Archery.*
- A withdrawal of accreditation will be considered when the infraction is deemed to be intentional and/or of a more serious nature and gives a reputational risk to World Archery. A withdrawal of accreditation will also apply if a second Suspension is given. A withdrawal of accreditation will be permanent in these cases.*

11.3. When the Judges Committee is advised of an infraction that requires consideration of a warning, suspension or withdrawal of accreditation, the following will apply:

- The Judges Committee may issue a warning when it considers appropriate and shall notify the Judge of the warning and the reasons therefor.*
- The Judges Committee may issue a temporary suspension, which shall not be longer than 60 days, in circumstances where the Judges Committee believes that immediate action is required prior to consideration of a suspension or a withdrawal of accreditations. If a temporary suspension is issued, the Judges Committee will notify the Judge, the World Archery Secretary General and the relevant Continental and National Associations of the Judge of the temporary suspension and the reasons therefor. In the case of a temporary suspension, the Judge may submit a response to the Judges Committee requesting reconsideration within 14 days following the issuance of the temporary*

suspension. If such a response is submitted to the Judges Committee, the Judges Committee will then make their decision within 14 days from the receipt of the Judge's response and will so notify the Judge, the World Archery Secretary General and the relevant Continental and National Associations of the Judge.

- The Judges Committee may issue a suspension of any period of time (without issuing a temporary suspension) or a withdrawal of accreditation by notifying the Judge, the World Archery Secretary General and the relevant Continental and National Associations of the Judge of its intent to issue a suspension or a withdrawal of accreditation and require the Judge to show cause why the Judges Committee should not issue a suspension or a withdrawal of Accreditation. The Judge shall submit a response to the Judges Committee as to why he should not be suspended or have his accreditation withdrawn within 14 days following the issuance of the notice of intent to suspend or withdraw the accreditation of the Judge. The Judges Committee will consider any such response and notify the Judge of the Judges Committee decision, which may include a suspension or a withdrawal of accreditation, within 60 days of the expiration of the period for the Judge to respond to the Judges Committee, with a copy to the Executive Board through the World Archery Secretary General, and the relevant Continental and National Associations of the Judge.
- During his suspension, a Judge who has been suspended (either temporary or otherwise) may not act as a Judge at the continental or international level unless the Judges Committee has decided on specific reinstatement requirements of the Judge which have to be reasoned in the decision.
- The decision to issue a suspension (other than a temporary suspension) or a withdrawal of accreditation may be appealed to the Executive Board pursuant to Article 12.2.

11.4. During his suspension, if the Judge wishes to be reinstated at the end of the suspension period, the Judge is required to continue with the usual WA Judge Reaccreditation Process as outlined in [Appendix 4, Article 10.1](#), with the exception of making themselves available for duty appointments ([Appendix 4, Article 10.1.2](#)). A suspended Judge will not get an appointment during his suspension period.

Withdrawal of World Archery Judge Accreditation

12.1. Noncompliance with [Appendix 4, Article 10.1.1](#), and [Appendix 4, Article 10.1.2](#)

12.1.1. As soon as a Judge fails to comply with the requirements specified in [Appendix 4, Article 10.1.1](#) and [Appendix 4, Article 10.1.2](#), he shall be notified by the Judges Committee with a "warning of inactivity" with a copy to his Member Association and Continental Association, asking the reasons for his inactivity and for a declaration that he wants to continue as a World Archery Judge. The Judges Committee shall review the case again after 90 days of the notification being sent, taking into consideration the documentation received from the Judge concerned. If the Judges Committee confirms its previous decision of inactivity, the Judge shall be notified that his accreditation is withdrawn effective immediately. Copies of this letter shall be sent to his Member Association and Continental Association.

12.2. An appeal against the withdrawal of the World Archery Judge accreditation for reasons as specified in Article 12.1 or against the decision of suspension / withdrawal of accreditation for reasons as specified in [Appendix 4, Article 11.3 or 11.4](#) may be lodged with the Executive Board with the same procedures of [Appendix 4, Article 10.3](#) within 14 days of the issuance of a suspension (other than a temporary suspension) or a withdrawal of accreditation.

12.2.1. During the interim period of an appeal, the Judge shall not be considered for appointment in any future event. If any appointment is already in place during the interim period then they will be cancelled.
